Electric Bitters.

Electric Bitters is a medicine suited for any season, but perhaps more generally needed, when the languid, exhausted feeling prevails, when the liver is torpid and sluggish and the need of a tonic and alterative is felt. A prompt use of this medicine has often averted leng and perhaps fatal bilions fevers. No medicine will act more surely in counteracting and freeing two months. The Electropoise is the system from the malarial poison. Headache, Indigestion, Constination, Dizziness yield to Electric Bitters. 500 and \$1 00 per bottle at St. Bernard Drug Store.

A Significant Departure With the departure of another year when a review is made of the condition of affairs it is only right that some thought be given to the physical body which enables every one to battle with life's problem and figure for themselves the profit or loss on the trial balance sheet. Though the bank account may be large and each one's material gain be great, it would not be surprising if it health has been greatly impoverished by the low condition of the blood. It is in this state that the lactic acid in the vital fluid attacks the fibrous tissues, particularly the joints. Thousands of people have found in Hood's Sarsaparilla the great blood purifier, a positive and permanent cure for rheumatism.
